PROFESSIONAL TRAINER PROFILE

MR. AIMAN FIKRI BIN JAMALUDIN
Data Analytics Consultant | Power BI Specialist | Statistics & Research Expert | Educational & Manufacturing Analytics Trainer

ABOUT THE TRAINER

Mr. Aiman Fikri Bin Jamaludin is a data analytics professional, trainer, and consultant with extensive experience in statistics, business intelligence, dashboard development, and data-driven decision making. With a strong academic background in mathematics and statistics, combined with practical industry exposure in educational and manufacturing analytics, he specializes in transforming complex datasets into meaningful insights that support strategic decision-making and operational excellence.

Holding a Bachelor of Science in Mathematics from Lancaster University, United Kingdom, a Master of Science in Statistics from Universiti Utara Malaysia (UUM), and currently pursuing a Doctor of Philosophy (PhD) in Statistics, Mr. Aiman possesses strong analytical and quantitative expertise that enables him to bridge the gap between statistical theory and real-world business applications. He is also a Microsoft Certified: Power BI Data Analyst Associate (PL-300), further strengthening his professional credibility and technical competency in business intelligence, data modelling, data visualization, and analytics solution development using Microsoft Power BI.

His professional focus revolves around Microsoft Power BI, where he assists organizations in designing and developing interactive dashboards, automated reporting systems, and analytics solutions that improve visibility, performance monitoring, and decision-making processes. He has successfully delivered Power BI training and consultancy services for organizations in both educational and manufacturing sectors, helping participants develop practical competencies in data preparation, data modelling, visualization, dashboard design, DAX, report development, and Power BI Service deployment.

Mr. Aiman's expertise extends beyond dashboard development into the broader field of analytics and business intelligence. His experience includes educational analytics, manufacturing analytics, engineering analytics, performance monitoring systems, KPI tracking frameworks, and data storytelling techniques. Through these engagements, he has helped organizations convert raw operational data into actionable insights that support continuous improvement initiatives.

As an educator and trainer, he adopts a practical and application-oriented training methodology. His sessions emphasize real-world case studies, hands-on exercises, guided workshops, and industry-relevant projects that enable participants to immediately apply learned concepts within their own organizations. His ability to simplify complex analytical concepts allows learners from both technical and non-technical backgrounds to confidently understand and utilize analytics tools for decision-making.

His ongoing doctoral research in statistical quality control and acceptance sampling further strengthens his analytical capabilities and provides additional depth in quantitative analysis, data interpretation, and evidence-based decision making.

Mr. Aiman is committed to helping organizations cultivate a data-driven culture by empowering professionals with the knowledge, skills, and tools necessary to leverage analytics for improved business performance, operational efficiency, and strategic growth.

CORE TRAINING EXPERTISE

- Microsoft Power BI Desktop & Service
- Dashboard Development
- Data Modelling & Power Query
- Data Visualization & Storytelling
- Educational Analytics
- Manufacturing Power BI Analytics
- Engineering Power BI Analytics
- Statistics & Research Analytics
- Machine Learning Analytics

EDUCATIONAL QUALIFICATIONS

- PhD in Statistics (Ongoing), Universiti Utara Malaysia
- MSc Statistics, Universiti Utara Malaysia (2018)
- BSc Mathematics, Lancaster University, United Kingdom (2012)

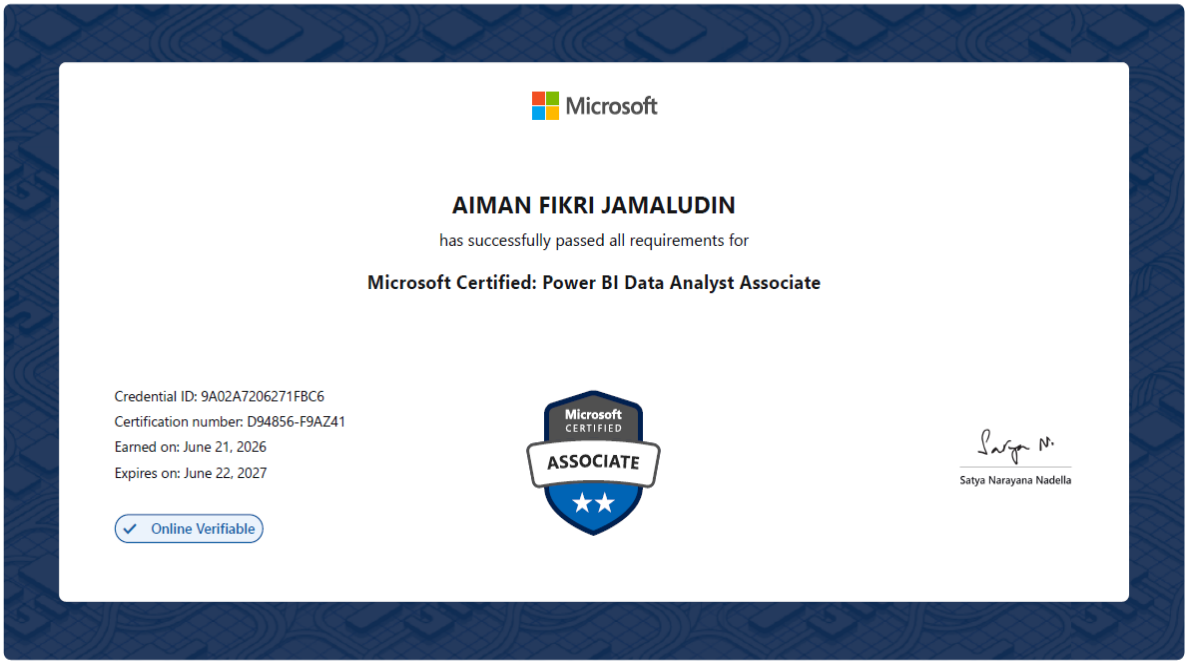

PROFESSIONAL CERTIFICATIONS

- Design and Manage Analytics Solutions Using Power BI – Microsoft (2026)
- Microsoft Certified: Power BI Data Analyst Associate (2026)
- Analytics Dashboard Using Microsoft Power BI – UUM (2024)
- Power BI Data Analytic – USM (2021)
- Professional Data Scientist Program – USM (2021)

TRAINING & CONSULTANCY EXPERIENCE

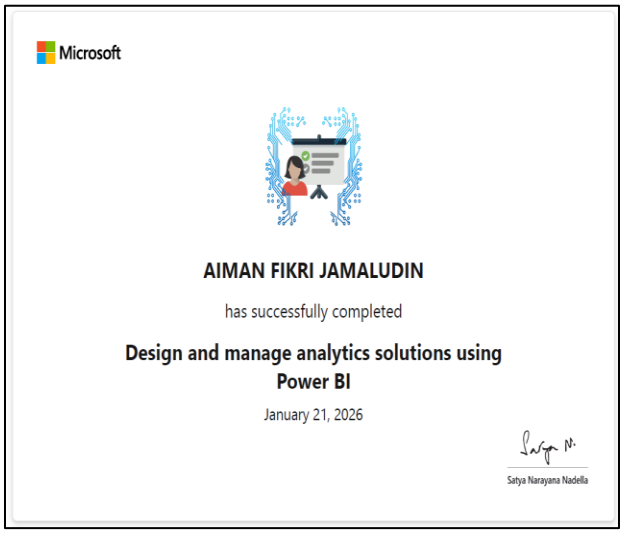

- Trainer: Power BI for Engineering & Quality Control - Micron Technology (2026)
- Trainer: Power BI Dashboard Development - Kolej Matrikulasi Kedah (2026)
- Dashboard Manager: Power BI Academic Performance Tracker - Kolej Matrikulasi Kedah (Ongoing)
- Dashboard Manager: Smart Educational Dashboard – Intellectual Property (2025)
